

How's your hearing?

Hearing loss is often a gradual process that worsens over time. To help determine if you may have a hearing loss, take this simple test:

Yes No

- ☐ ☐ Prefer the TV or radio louder than others?
- ☐ ☐ Have trouble understanding what's being said unless you are directly facing the speaker?
- ☐ ☐ Often ask others to repeat themselves?
- ☐ ☐ Avoid social occasions, family gatherings, or group meetings where listening may be difficult?

If you answered **"YES"** to any of these questions, we can help. Call **1-888-791-0106** to talk with a hearing care professional.
